FORZA 125

EXPERIENCE MORE

The Forza 125 gives you more. More performance. More style. More practicality. More technology. It packs in everything you could ever want from a sports GT scooter and gives you the confidence to take on anything the city throws at you. Its liquid cooled, 4-Valve engine delivers class leading acceleration and effortless speed, along with smooth, responsive performance for both inner-city riding and long-range commutes. The chassis serves up traffic-beating agility with highway capability, while the Anti-Lock Braking System (ABS) as standard provides an extra level of confidence. All of this is wrapped within sleek, dynamic bodywork featuring full LED headlight and tail-light, and with a host of clever design features such as a six-stage adjustable screen, that illustrates GT comfort and sports prowess.

MORE
PERFORMANCE

The Forza 125's high-performance eSP 4-Valve PGM-FI fuel-injected engine, creates strong torque to allow swift acceleration from a standing start and smooth power through the mid-range for roll-on performance. At just 162 kg the Forza 125 is also quick to respond, with unrivalled agility and sharpness suited to both motorways and city streets.

MORE
PRACTICALITY

Focused on superior comfort and practicality, the Forza 125 offers the versatility to handle short or long range commutes, as well as recreational riding with ease. Idle Stop increases fuel efficiency and reduces emissions, allowing you to go further on less. The 11.5L tank combined with fuel economy of 123 mpg offers excellent range – more than a week's use for the average commuter. A relaxed, integrated riding position, gives commanding control and all-round visibility, and with an adjustable windscreen (that offers 6 positions over 120mm), the Forza 125 provides superior weather protection. 48L under-seat storage is enough for two full-face helmets and more, and a conveniently placed 12V power source in the glove box can be used as a power source for mobile phone charging.

The windscreen extends and retracts through 6 positions, over a range of 120mm, to suit the riding environment. There's also plenty of room for a pillion and storage under the seat for two full-face helmets and more.

MORE STYLE

The Forza 125's sleek silhouette makes an immediate statement of class. Its lines flow elegantly while its contours engage the eye, incorporating a sporty edge that gives visual presence to stand out in the city. It transitions between work and play effortlessly, always ready to transport you in style to your next encounter. The finer details really complete the look; a full LED headlight creates a sharp-edged, purposeful front profile, while the LED tail-light is a design signature of the rear aspect. The stereoscopic instrument panel adds further to the theme, showing off a reverse LCD display with rich, deep colour tone.

Colours

A choice of three colours means there's something for everyone.

▲ PEARL NIGHTSTAR BLACK /CASTAGNA BROWN

▲ MOONDUST SILVER METALLIC /MATT CYNOS GREY METALLIC

◀ MATT PEARL COOL WHITE /MATT PEARL PACIFIC BLUE

Specification

Details

LED HEADLIGHT & TAIL-LIGHT

Flanking the premium dual LED headlights are LED position lights that lend a crisp edge and unique identity. Indicators are mounted high in the wing mirrors while stereoscopic LED tail-lights offer increased visibility.

INSTRUMENT PANEL

Lit with a reverse LCD display, the speedometer and rev-counter are framed beautifully and defined by the elegant curves and angles of the instrument panel. A central LCD block features a clock, fuel gauge, average fuel economy meter, A & B trip meters, odometer, oil change meter and coolant thermosensor.

STORAGE CAPACITY

48L under-seat storage provides room for two full-face helmets or whatever else you need to carry and a 12V AC charging socket tucks neatly away in the front glove box.

Accessories

The Forza 125 offers more for the daily commute and more for the weekend retreat, and there are a range of Genuine Honda Accessories ready to make it more personal. The colour-matched 35L top box complements the Forza 125's sleek shape and provides increased carrying capacity. A top box inner bag is also available for added convenience.

Add a personal touch with a two-tone deluxe seat, colour-matched instrument surround and handlebar centre-cover, along with stainless footplates and wheel stickers.

35L COLOUR-MATCHED TOP BOX

COLOUR-MATCHED INSTRUMENT SURROUND & HANDLEBAR COVER

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Wear quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.
